

ORDER No. 17

02.10.2023

In relation to the rules for internal work order and ensuring safe working conditions

I ORDER:

1. TO ALL TRUCK DRIVERS (regardless of transport load) to strictly observe hygiene and safety rules while on Septona grounds
2. The reflective vest is used from the moment you enter the company and is worn for as long as you stay in it!
3. Wear safety shoes!
4. When the truck goes to the designated loading ramp, it must put special wheel stops while remaining on the ramp (all trucks must be equipped with wheel stops).
5. The vehicle engine must be switched off during loading/unloading.
6. There are special toilets for truck drivers, in a designated area. (truck drivers are not allowed to use the company toilets).
7. Truck drivers should not enter the production and storage premises
8. For the time of stay in the factory, use the designated places for drivers on the ramps /1-12/, the truck cabin or places designated for smoking
9. The trucks are lined up by the security on the ramps, in coordination with the logistics department
10. When leaving a full truck from the grounds of the Septona plant, the driver must present to security a signed and stamped Packing List for loaded goods received from the Logistics Department. IT IS FORBIDDEN to export finished products and materials or waste from the Septona Bulgaria AD plant, without them being entered in the documents handed over to the driver by the logistics department.
11. When leaving an empty truck from the territory of the Septona plant, the driver must present to security a signed and stamped note for an empty vehicle received from the logistics department
12. It is forbidden to park trucks in front of the administration building. In coordination with the logistics department, safe parking is observed and it is ensured that free traffic within the plant is not impeded.
13. Max. the speed in the factory area is 20 km/h
14. The territory and premises of the Septona plant are surveyed with video surveillance

15. We do not eat on the premises!
16. We do not smoke in the premises!
17. I am familiar with the requirements for separate waste collection and not mixing it with other waste and environmental protection.
18. The truck must have restraining belts or special nets and metal ramps to hold the load.
19. To participate in the loading and unloading procedure in our warehouses, you must comply with the company's hygiene and safety rules.
20. We do not move in the warehouses during loading or unloading, or in other areas of the plant, unless necessary.
21. We give and receive the transport documents from the special area outside the offices!
22. You must remain in the cab of the truck while the transport documents are prepared.
23. Immediately report any incident, accident, or unsafe condition to the responsible personnel.
24. In the event of a fire, accident, or other emergency, drivers must follow the instructions of SEPTONA personnel and proceed to the designated assembly points.
25. Entry to and presence within the premises under the influence of alcohol, drugs, or any other substances that may impair driving ability or work performance is strictly prohibited!
26. In case of non-compliance with the order, the service of the respective truck will be refused.

ADDITIONAL RULE (applicable if necessary)

27. The use of a disposable mask is mandatory when we get off the truck and for all areas in the factory.

COMPLIANCE REQUIREMENTS

Compliance with the above rules is mandatory for all drivers and visitors.

Ruse,
02.10.2023
